

— HOW WE WORK

The right venue isn't searched. It's **sourced**.

There's a difference between finding a room and being handed the right one.

— THE DIFFERENCE

Searching is what a browser does. **Sourcing** is what we do.

Anyone can pull up a list of venues. Knowing which one will actually hold your date, at the right rate, is a different job.

× SEARCHING

You compare what's online

VS

✓ SOURCING

We know what's actually available, including rooms that never reach a public listing.

× SEARCHING

You chase quotes and wait

VS

✓ SOURCING

We negotiate rates directly, with people who deal with us every week.

× SEARCHING

You hope the price is fair

VS

✓ SOURCING

We benchmark every quote against the market and hold venues to account.
